Adger Smith, Additional Information

I graduated from the first Air Tech Ground School Class at Texarkana College in 1969. I received my flight training through the Texarkana College Air Tech Program at the Texarkana Regional Airport. I received my pilot's license after completion of that course in 1969.

I am an owner of a Cessna 172 and a Rockwell Commander 112TC. Both are housed at the T-hangers at Texarkana Regional Airport.

I am a local business owner. I have been in business for myself since 1972. I have owned and operated Adger Smith Performance Engines located at 2802 W. 7th Street in Texarkana, Texas, since 1985. Additionally, I have been involved in the operation of Texarkana Speed Equipment and A & B Raceway. A & B Raceway was the ownership and operation of 3 race tracks. Operating these businesses allowed me to develop promotional skills and thinking outside the box. Promotion was the largest aspect of operating these tracks, but budgets and operating within their boundaries was essential for success.

I served 2 terms on Texarkana Arkansas School District Board. I worked with an annual budget of more than 40 million dollars, personnel and staffing matters, building maintenance and expansion projects.

I served a 3-year term on the Texarkana Chamber of Commerce Board of Directors. I worked with community and business leaders for growth and development of a healthy business atmosphere in Texarkana.

I served as chairman of the Texarkana Arkansas Planning Commission for 2 years of my 10-year tenure. I worked with the City Board Members, Mayor, and city staff on many zoning and development projects. One notable project that affected Texarkana Regional Airport was the redesign of I-49 to give access to the proposed new terminal building off 19th Street.

In the past, I have worked closely with airport manager, Stephen Luebbert. Together we resolved a property use issue that would have had a negative impact on the proposed new terminal building site. After our discussion and presentation of the proposed terminal site plan, the owner realized an automobile salvage business was not appropriate for his property.

I am passionate about positive industrial and retail business growth in Texarkana. I feel Texarkana Regional Airport is essential to this growth. My participation and experiences on the Texarkana Planning Commission, T ASD School Board, and Texarkana Chamber of Commerce Board of Directors demonstrates my ability to be a team player as well as my interest in public service and willingness to work for the betterment of our community. It would be my honor to serve on the Texarkana Airport Authority.
